Welcome Message

Dear members of Taiwan Otolaryngological Society and members of The Oto-Rhino-Laryngological Society of Japan,

On behalf of the organizing committee of the 15th Japan -Taiwan conference on Otolaryngology - Head and Neck Surgery, I would like to invite you to Fukuoka, where the joint meeting between Japanese and Taiwanese ENT doctors will take place during the two days of December 6 and 7, 2019. This meeting gives you opportunities to present, learn and enhance your professional expertise. This conference is also a perfect chance to establish new connections and strengthen the bonds of the friendship among otolaryngologists from both countries.

The city of Fukuoka has been rated multiple times as one of the most livable cities in the world (monocle.com), along with only a few other cities in Japan. You can rest at the beach, have coffee on the pier, watch a professional sport game, enjoy shopping, have some drinks at a bar (or several bars), and have a 15-min subway ride to the airport from the center of the city, all in one day in this compact and convenient city. Please take a look at the city and I hope you will find out why Fukuoka is rapidly growing.

I am looking forward to seeing you at the 15th Japan -Taiwan conference on Otolaryngology - Head and Neck Surgery in Fukuoka.

Takashi Nakagawa, M.D., Ph.D.

Conference President
