

## Program

**Thursday November 12**

### Room 1 (International Conference Hall)

**9:20 ~ 9:55 Opening Remarks/Presidential Lecture**

**PL: Microbial Contamination of Environmental Surfaces**

Shigeharu Oie

President of EACIC2015/Department of Pharmacy, Yamaguchi University Hospital, Japan

**10:00 ~ 10:40 Keynote Lecture**

Chair: Hiroshi Yasuhara, Surgical Center, The University of Tokyo Hospital, Japan

**KL: Low Temperature Sterilisation**

Hiroyoshi Kobayashi

Tokyo Healthcare University Postgraduate School, Japan

**10:40 ~ 10:50 Coffee Break**

**10:50 ~ 11:25 Special Lecture 1**

Chair: Yinghong Wu, Beijing Municipal Center of Quality Control and Improvement of the Management of Hospital Infection, China

**SL1: Monitoring Platform Construction of Regional Hospital Associated Infection Based on Basic Data Set**

Weiguang Li

Shandong Provincial Hospital, China

**11:25 ~ 12:00 Special Lecture 2**

Chair: Yinghong Wu, Beijing Municipal Center of Quality Control and Improvement of the Management of Hospital Infection, China

**SL2: The Management of SARS Promotes Hospital Infection Control in China**

Jianguo Wen

The First Affiliated Hospital of Zhengzhou University, China

**12:10 ~ 12:50 Luncheon Seminar**

Chair: Hiroyoshi Kobayashi, Tokyo Healthcare University Postgraduate School, Japan

**LS: Techniques for Infection Prevention and Control**

Takashi Okubo

Faculty of Healthcare, Tokyo Healthcare University, Japan

**Co-sponsored by: Moraine Corporation**

**13:00 ~ 13:45 Special Lecture 3**

---

Chair and Special Remarks: Satoshi Kimura, Tokyo Healthcare University, Japan

**SL3: Hepatitis B Virus, Hepatitis C Virus and Human Immunodeficiency Virus Infections in Japan**

Jun Hayashi

Center of General Internal Medicine, Haradoi Hospital, Japan

**13:50 ~ 14:30 Special Lecture 4**

---

Chair and Special Remarks: Yuko Ieiri, Yamaguchi Prefectural University, Japan

**SL4: Impact of Nutrition on Infection Control**

Kazuhiko Fukatsu

Surgical Center, The University of Tokyo Hospital, Japan

**14:30 ~ 14:40 Coffee Break**

**14:40 ~ 15:35 Symposium: Influenza**

---

Chair and Special Remarks: Koya Shiba, Jikei University School of Medicine, Japan

**SY-1: Recent Trends in Influenza**

Masayuki Murata

Department of General Internal Medicine, Kyushu University Hospital/Center for the Study of Global Infection, Kyushu University Hospital, Japan

**SY-2: Nosocomial Infection Control against Influenza in the Psychiatric Hospital**

Hayato Yamauchi

Saiki-Hoyouin Hospital, Japan

**SY-3: Influenza Infection Management of the Nursing Facility**

Kazuhiko Ezawa

Hakuaikai Medical Corporation/Wakokai Medical Corporation/Yuwakai Social Welfare Corporation, Japan

**15:40 ~ 16:10 Special Lecture 5**

---

Chair and Special Remarks: Yasushi Nakazawa, Department of Infection Control, Jikei University Hospital, Japan

**SL5: Ebola Virus Disease: Experiences in the Field**

Yasuyuki Kato

National Center for Global Health and Medicine, Japan

## Room 2 (606)

## 16:20 ~ 17:20 Poster Presentation Group 1

Chairs: Takashi Takahashi, Laboratory of Infectious Diseases, Graduate School of Infection Control Sciences, Kitasato University, Japan  
 Erisa Sugawara, Tokyo Healthcare University Postgraduate School Division of Infection Prevention and Control, Japan  
 Yuhei Saito, Surgical Center, The University of Tokyo Hospital, Japan

**PP01: Comparison of Antibiotic Resistance Rates of Medically Important Microorganisms between Japan and Korea**

Sunjoo Kim  
 Department of Laboratory Medicine, Gyeongsang National University, Korea

**PP02: Successful Control of Carbapenem-resistant *Acinetobacter baumannii* in a Korean University Hospital: A 6-year Perspective**

Sunjoo Kim  
 Department of Laboratory Medicine, Gyeongsang National University, Korea

**PP03 :Reduced Isolation of Carbapenem Resistant *Acinetobacter baumannii* in ICU**

Yoonseon Park  
 Department of Internal Medicine, Division of Infectious Diseases, NHIS Ilsan Hospital, Korea

**PP04: Outcomes and Significance of Carbapenem Resistance of Healthcare-related *Acinetobacter meningitis***

Shin-Woo Kim  
 Department of Internal Medicine, Kyungpook National University Hospital, Korea

**PP05: Comparison of Extended-spectrum Beta-lactamases Producing *E.coli* between 2 Hospitals in the Same Area**

Masami Tsugita  
 Department of Pharmacy, Niitsu Medical Center Hospital, Japan

**PP06: Epidemiology of *Escherichia coli* Producing Extended-spectrum Beta-lactamases in a Local Core Hospital and Nursing Homes**

Satoru Mitsuboshi  
 Department of Pharmacy, Kaetsu Hospital, Japan

**PP07: Epidemiological Characteristics of *Streptococcus pyogenes* Isolated from Vaginal Discharges as Compared with Those from Throat Swabs in Japan**

Takashi Takahashi  
 Laboratory of Infectious Diseases, Kitasato Institute for Life Sciences & Graduate School of Infection Control Sciences, Kitasato University, Japan

**PP08: Assessment of Contamination Using an ATP Bioluminescence Assay on Doorknobs in a University-affiliated Hospital in Japan**

Takashi Takahashi  
 Laboratory of Infectious Diseases, Kitasato Institute for Life Sciences & Graduate School of Infection Control Sciences, Kitasato University, Japan

**PP09: Cancelled**

**PP10: Study on Correlation between Perioperative Hypothermia and Surgical Site Infection in Gastric Cancer**

Ling Wan

Xuzhou Chinese Medicine Hospital, China

**PP11: Infection Prevention Measures in Patients with Catheter-related Bloodstream Infections during Temporary Hemodialysis**

Saori Yasuoka

Department of Nursing, Toho University, Japan

---

**16:20 ~ 17:20 Poster Presentation Group 2**

Chairs: Ryo Fushimi, Tokyo Healthcare University Postgraduate School, Japan

Hitomi Kurosu, Tokyo Metropolitan Health and Medical Treatment Corporation Ebara Hospital, Japan

Masami Tsugita, Department of Pharmacy, Niitsu-medical-center Hospital, Japan

**PP12: Bacterial Contamination of Reused Towels and Management Statuses at 10 Institutions in Yamaguchi Prefecture**

Kumiko Saiki

Infection Control Committee, Yamaguchi Society of Hospital Pharmacists/Department of Pharmacy, Tokuyama Central Hospital, Japan

**PP13: The Study of the Chlohexidine Skin Disinfectant in Preventing Gastrointestinal Surgery of Surgical Site Infection**

Xiaoqin Wu

Infection Control Department of the Second Affiliated Hospital of Xuzhou Medical College, China

**PP14: The Study of the Chlohexidine Bath in Preventing of Catheter-related Blood Stream Infection in ICU**

Xiaoqin Wu

Infection Control Department of The Second Affiliated Hospital of Xuzhou Medical College, China

**PP15: Chlorhexidine Resistance and Trends of Spa Types of Methicillin-resistant *Staphylococcus aureus* (MRSA) in a Medical Intensive Care Unit in Korea**

Jae-Seok Kim

Department of Laboratory Medicine, Hallym University, Korea

**PP16: Current State of Influenza Vaccination and Factors Affecting Vaccination Rate among Geriatric Health Care Workers(GHCWs)**

Sung Won Yoon

Department of Nursing, Chungwoon University, Hongseong, Korea

**PP17: Impact of Infectious Disease Consultation in Japanese Patients with Methicillin-susceptible *Staphylococcus aureus* Bacteremia**

Jun Suzuki

Center for Clinical Infectious Diseases, Jichi Medical University Hospital, Japan

**PP18: Cooperative Activities Supporting System of *Legionella* Infection Control in the Shower Water of Hospital Bathrooms**

Tomoko Owan

Department of Adult and Cancer Nursing, Faculty of Medicine, University of the Ryukyus, Division of Health Sciences/Infection Control Room, Faculty of Medicine and University Hospital, Japan

**PP19: Utilization of DPC Data for Advancing the Antimicrobial Stewardship Program**

Haruo Nakayama

Hospital Infection Risk Management Office, Toho University Ohashi Medical Center, Japan

**PP20: Activity of Promoting Compliance Rate with MBP (Maximal Barrier Precaution) during the Insertion of Central Venous Catheter- Focusing on ICU**

Kyoung Wan Kim

The Catholic University of Korea Uijeongbu St Marys Hospital Infection Control Room, Korea

**PP21: The Present Status of Infection Control Measures in Japanese Teaching Hospitals**

Yasushi Nakazawa

Department of Infection Control, Jikei University Hospital/Department of Infectious Diseases and Infection Control, Jikei University School of Medicine, Japan

**18:00 ~ 20:00 Welcome Reception**

**Venue: UMENOHANA**

---

**Friday November 13****Room 1 (International Conference Hall)****9:00 ~ 10:10 Oral Presentation**

---

Chairs: Tomoko Owan, Department of Adult and Cancer Nursing, Faculty of Medicine,  
University of the Ryukyus, Division of Health Sciences, Japan  
Rika Yoshida, Tokyo Healthcare University Postgraduate School, Japan

**OP1: A Case of Meningococcal Pneumonia Promptly Diagnosed by MALDI TOF-MS; The Utility of MALDI TOF-MS as a Tool of Infection Control**

Jun Hirai

Department of Infectious, Respiratory, and Digestive Medicine, Control and Prevention of  
Infectious Diseases Faculty of Medicine, University of the Ryukyus, Japan

**OP2: Cancelled****OP3: Effect of the Combined Intervention Measures on Prevent and Control the Ventilator-associated Pneumonia in Emergency Intensive Care Unit**

Cai-hong Liu

Infection Management Department of The First Affiliated Hospital, Zhengzhou  
University, China

**OP4: The Evaluation of Contamination and Cleanliness of Upper Gastrointestinal Endoscope Channels with Newly Developed Long Stem Swabs by the Measurement of ATP and AMP**

Ryohei Takahashi

WATAKYU SEIMOA Co., Japan

**OP5: Bacterial Contamination of Fiberscopes after Disinfection and Preventive Measures**

Hirofumi Yamasaki

Department of Pharmacy, Ube Industries Central Hospital, Japan

**OP6: *Staphylococcus aureus* Contamination of Environmental Surfaces and Efficacy of Disinfectant Wiping Once Daily in a Hospital with a Long-term Care Facility**

Kumiko Maeda

Department of Pharmacy, Mine City Hospital, Japan

**OP7: Survey on Hygienic Management of Caster of Serving Carts in Japan and Evaluation of Caster Disinfection Using Gauze Soaked with Sodium Hypochlorite**

Katsuhiro Yorioka

Department of Pharmacy, Shunan City Shinnanyo Hospital, Japan

**10:10 ~ 10:30 Coffee Break**

---

**10:30 ~ 11:05 Special Lecture 6**

---

Chair and Special Remarks: Keita Morikane, Division of Infection Control, Yamagata University Hospital, Japan

**SL6: International Committee of Japanese Society for Infection Prevention and Control Presents: Translating Evidence into Practice to Prevent Catheter-associated Bloodstream Infections**

Yoko Tsukamoto  
Health Sciences University of Hokkaido, Japan

**11:10 ~ 11:50 Special Lecture 7**

---

Chair: Kazuhisa Matsuda, Sugioka Memorial Hospital, Japan  
Special Remarks: Hiroyoshi Kobayashi, Tokyo Healthcare University Postgraduate School, Japan

**SL7: Key Points of the Revised Guideline for Sterility Assurance in Healthcare Setting**  
Masaki Takashina

CSSD, Osaka University Hospital, Japan

**11:50 ~ 13:00 Lunch**

---

**13:00 ~ 15:10 Special Lecture 8-11 : MERS**

---

Chair: Jin-Hong Yoo, Internal Medicine, Division of Infectious Disease, College of Medicine, The Catholic University of Korea, Korea

Chair and Special Remarks: Mitsuo Kaku, Tohoku University Graduate School of Medicine, Japan

**SL8: Laboratory Preparedness and Response to MERS-CoV Outbreak in Korea**

Mi-Na Kim  
University of Ulsan College of Medicine, Korea

**SL9: Hospital Outbreaks of MERS-CoV in South Korea**

Sun Hee Park  
Division of Infectious Diseases, Department of Internal Medicine, College of Medicine, The Catholic University of Korea, Korea

**SL10: Infection Control and Prevention of MERS-CoV in South Korea**

So-Yeon Yoo  
The Catholic University of Korea College of Medicine, St. Vincent's Hospital, Korea

**SL11: Lessons to Learn from MERS Outbreak in South Korea**

Keiji Kanemitsu  
Department of Infection Control, Fukushima Medical University, Japan

**15:10 ~ 15:15 Closing Remarks**

---

Shigeharu Oie  
President of EACIC2015/Department of Pharmacy, Yamaguchi University Hospital, Japan
