

The 110th Annual Meeting of The Japan Pediatric Society Program at a glance

Thursday, April 19

Banquet with President Venue: The Westin Miyako Kyoto
Time : 18:00 - 20:00

Friday, April 20 Kyoto International Conference Center

..... English Session

	Venue 1	Venue 2	Venue 3	Venue 4	Venue 5	Venue 6	Venue 7		
8:00	Main Hall	Room A	Room D	Room E	Room B-1	Room B-2	Room C-2	8:00	
9:00	Opening Remarks							9:00	
10:00	International Symposium 1 Topics of pediatric infectious disease: Influenza pandemic in children	Area Symposium 1 Re-evaluation of the usage of theophylline in the management of infantile asthma: referring to 2005 guidelines	Workshops by Area 1 New trends in genetic diagnosis [Public subscription]	Workshops by Area 2 Ensuring safe usage of child medicine: Approach of JPS and future perspective	General presentation Psychiatry & psychology 1	General presentation Endocrine 1	General presentation Hematology & oncology 1	10:00	
11:00		Workshops by Area 3 Extremely low birth weight infants: Promotion of development from NICU	Workshops by Area 4 Present status of protective vaccination	Workshops by Area 5 How to cope with child abuse: Roles of healthcare professionals	General presentation Psychiatry & psychology 2	General presentation Endocrine 2	General presentation Hematology & oncology 2	11:00	
12:00		Invitational Lecture 1 Issues facing children in the United States and the role of the American Academy of Pediatrics				General presentation Psychiatry & psychology 3	General presentation Endocrine 3	General presentation Hematology & oncology 3	12:00
13:00		Educational Seminar 1 Children's growth and development as seen from growth curves	Educational Seminar 2 Present status of vaccination for Haemophilus influenzae type b (Hib)	Educational Seminar 3 Pediatric bronchial asthma: Diagnosis and therapeutic progress	Educational Seminar 4 Food allergy: Diagnosis and therapeutic progress	Educational Seminar 5 New therapeutic prospects for refractory and serious cases of acute-phase Kawasaki disease	Educational Seminar 6 Appropriate methods of use of oral antibiotics according to PK/PD theory	13:00	
14:00	President Lecture Progress in the research and treatment of neuroblastoma in children							14:00	
15:00	Invitational Lecture 2 Global environment and children	General presentation Infection 1	Satellite Symposium Long and short range visions of pediatric practice in Asia: How we can contribute to children's healthy growth presented by the presidents of pediatric societies in respective Asian countries	General presentation Allergy & respiratory system 1	General presentation Cardiovascular system 1	General presentation Metabolic disorders 1	General presentation Congenital anomaly & genetics 1	15:00	
16:00		General Symposium 1 The role of pediatrician in the children's mental healthcare		General presentation Infection 2	General presentation Allergy & respiratory system 2	General presentation Cardiovascular system 2	General presentation Metabolic disorders 2	General presentation Congenital anomaly & genetics 2	16:00
17:00		General presentation Infection 3		General presentation Allergy & respiratory system 3	General presentation Cardiovascular system 3	General presentation Metabolic disorders 3	General presentation Congenital anomaly & genetics 3		17:00
18:00			Evening Symposium 1 Heterogeneous clinical pathogenesis and treatments for pediatric infections	Evening Symposium 2 Molecular targeting therapy for refractory pediatric diseases	Evening Seminar Seminar for the care of child abuse			18:00	
19:00								19:00	
20:00								20:00	

Poster Presentation (Event Hall)

Mounting/session — 9:00 - 17:00

Discussion — 17:00 - 18:50

Removing — 18:50 - 20:30

The 110th Annual Meeting of The Japan Pediatric Society

Program at a glance

Saturday, April 21 Kyoto International Conference Center

 English Session

	Venue 1	Venue 2	Venue 3	Venue 4	Venue 5	Venue 6	Venue 7		
	Main Hall	Room A	Room D	Room E	Room B-1	Room B-2	Room C-2		
8:00								8:00	
9:00	General Symposium 2 The achievements of pediatrics and prospects for future advances: Basic research to clinical medicine	General Symposium 3 How to promote brain death organ transplantation	Area Symposium 2 The forefront of pediatric imaging diagnosis	General presentation Allergy & respiratory system 4	General presentation Infection 4	General presentation Premature & newborn 1	General presentation Immune & collagen 1	9:00	
10:00				General presentation Allergy & respiratory system 5	General presentation Infection 5	General presentation Premature & newborn 2	General presentation Immune & collagen 2	10:00	
11:00				Educational Lecture 1 Researchers and Morals	General presentation Infection 6	General presentation Premature & newborn 3	General presentation Immune & collagen 3	11:00	
				Educational Lecture 2 How does the clock gene run?					
				Educational Lecture 3 Recent progress in pediatric cardiovascular surgery					
12:00	Invitational Lecture 3 Establishment of human leukemia cell lines: Contribution to clinical and basic medicine							12:00	
13:00	Invitational Lecture 4 (Educational Seminar 7) The discovery of the causative virus for exanthem subitum and subsequent developments	Educational Seminar 8 Future measures to combat influenza: Are we ready for new influenza strains?	Educational Seminar 9 ABC of sexual differentiation for everyday clinical practice	Educational Seminar 10 Working toward improved control of infant asthma	Educational Seminar 11 Current situation and future prospects for patients who have reached adulthood with large coronary aneurysm caused by Kawasaki disease	Educational Seminar 12 Clarity! Guide to imaging diagnosis: The field of children's respiratory organs	Educational Seminar 13 Use of inhaled steroids in pediatric bronchial asthma	13:00	
14:00	Special Lecture Going on with children around the world							14:00	
15:00	Workshops by Area 6 International roles of pediatricians in the developing countries	Workshops by Area 7 Evaluation and future of Japan's 30 year-old newborn mass screening	Workshops by Area 8 New trends in perinatal and neonatal medicine [Public subscription]	Workshops by Area 9 Infection and immunological control	General presentation *1 Nerve & muscles 1	General presentation Cardiovascular system 4	General presentation Kidney & urinary tract 1	15:00	
16:00					General presentation Nerve & muscles 2	General presentation *2 Cardiovascular system 5	General presentation Kidney & urinary tract 2	16:00	
17:00					General presentation Nerve & muscles 3	General presentation Cardiovascular system 6	General presentation Kidney & urinary tract 3	17:00	
18:00	Congress, General Meeting and Awards Ceremony							18:00	
19:00								19:00	
20:00								20:00	

Poster Presentation (Event Hall)

Mounting/session — 8:30 - 17:10
 Discussion — 17:10 - 18:30
 Removing — 18:30 - 20:00

Note* 1: The 5th speaker will present in English.
 Note* 2: The 6th speaker will present in English.

Banquet for members

Venue: Banquet hall Sakura & garden
 Time: 19:00 - 20:30

The 110th Annual Meeting of The Japan Pediatric Society Program at a glance

Sunday, April 22 Kyoto International Conference Center

English Session

	Venue 1	Venue 2	Venue 3	Venue 4	Venue 5	Venue 6	Venue 7	
8:00	Main Hall	Room A	Room D	Room E	Room B-1	Room B-2	Room C-2	8:00
9:00	International Symposium 2 Current topics and future of regenerative medicine	Invitational Lecture 5 Does children's health care need life support? The implications of an aging population on pediatric medical care	Educational Lecture 4 The realities and better diagnosis of chronic cough Educational Lecture 5 Food education: From the view of pathogenetic analysis of metabolic syndrome	General presentation Infection 7	General presentation Nerve & muscles 4	General presentation Endocrine 4	General presentation Medical education 1	9:00
10:00		General Symposium 4 Aiming at the establishment of pediatric healthcare providing system	Educational Lecture 6 Clinical practice and pharmacology of the treatment of status epilepticus for children Educational Lecture 7 Management of chronic renal failure to improve its prognosis Educational Lecture 8 Pathogenesis and treatment of Hirschsprung disease	General presentation Emergency 1	General presentation Nerve & muscles 5	General presentation Endocrine 5	General presentation Medical education 2	10:00
11:00		JPS Award Winner's Lecture		General presentation Emergency 2	General presentation Nerve & muscles 6	General presentation Endocrine 6	General presentation GI system & nutrition 1	11:00
12:00								12:00
13:00	Educational Seminar 14 How to use antibiotics drugs in an era when resistant microbes are endemic	Educational Seminar 15 Recent trends in therapeutic drugs for hemophilia	Educational Seminar 16 Diagnosis and treatment of nocturnal enuresis in primary care	Educational Seminar 17 New research on the characteristics of infant skin functionality	Educational Seminar 18 Dealing with children with unidentified complaints: Using the Orthostatic Dysfunction/School Refusal Guide of the Japanese Society of Psychosomatic Pediatrics	Educational Seminar 19 Systematic molecular genetic diagnosis of pediatric neurological disorders	Educational Seminar 20 Diagnosis and treatment of attention deficit hyperactivity disorder: Current status and issues	13:00
14:00	Invitational Lecture 6 Japan's hospital healthcare for children almost reaching an impasse	General Symposium 5 How to arrange an attractive postgraduate pediatric internship	Public Forum 1 Promote the prevention activity against the injury of children by the whole society: Message from pediatricians	General presentation Premature & newborn 4	General presentation Nerve & muscles 7	General presentation Immune & collagen 4	General presentation GI system & nutrition 2	14:00
15:00	General Symposium 6 The future of pediatric healthcare: Efforts toward the establishment of a new framework		Public Forum 2 (Invitational Lecture 7) Happiness of parenting in "Anne of Green Gables"	General presentation Premature & newborn 5	General presentation Nerve & muscles 8	General presentation Hematology & oncology 4	General presentation GI system & nutrition 3	15:00
16:00			Public Forum 3 Declining-birthrate countermeasures and support for parenting	General presentation Premature & newborn 6	General presentation Nerve & muscles 9	General presentation* Hematology & oncology 5	General presentation GI system & nutrition 4	16:00
17:00								17:00
18:00								18:00
19:00								19:00
20:00								20:00

Poster Presentation (Event Hall)

Note*: The 2nd speaker will present in English.

Mounting/session — 8:30 - 13:10
Discussion — 13:10 - 14:20
Removing — 14:20 - 16:30
