**Invited Lecture 01**

**Avoiding Transfusion: Managing and Preventing Perioperative Anemia**

Chair: Tomoko Yorozu

Speaker: Kazunori Aoki

Department of Anesthesiology, Osaka University, Japan

Avoiding Transfusion: Managing and Preventing Perioperative Anemia

Venue 04

Room 01

09:55-10:45

Venue 04

**Invited Lecture 02**

**Clinical application of MAC: A novel approach in inhalation anesthesia**

Chair: Ketsi Tada

Department of Anesthesiology, Saitama University, Japan

Clinical Application of MAC: A Novel Approach in Inhalation Anesthesia

Venue 06

Room 02

10:50-11:40

Venue 04

**Invited Lecture 03**

**Scope and Practice of Regional Anesthesia Past, Present and Future.**

Chair: Yoshihide Fujisawa

Department of Anesthesiology, Toho University, Japan

Scope and Practice of Regional Anesthesia: Past, Present, and Future

Venue 06

Room 03

12:15-14:05

Venue 04

**Invited Lecture 04**

**Nociceptin and Sepsis**

Chair: Kenjiro Hirasawa

Department of Anesthesiology, Osaka University, Japan

Nociceptin and Sepsis

Venue 06

Room 04

14:15-16:05

Venue 04

**Invited Lecture 05**

**The Fallacy of Persistent Post-Operative Cognitive Decline**

Chair: Makoto Ohki

Department of Anesthesiology, Showa University, Japan

The Fallacy of Persistent Post-Operative Cognitive Decline

Venue 06

Room 05

16:15-18:05

Venue 04

**Invited Lecture 06**

**The greatest danger in anesthesiology: loss of professionalism**

Chair: Hisashi Iwata

Department of Anesthesiology, Juntendo University, Japan

The greatest danger in anesthesiology: loss of professionalism

Venue 06

Room 06

18:15-20:05

Venue 04

**Invited Lecture 07**

**In Pain and Más: Ironic Adventures in Translation**

Chair: Mikio Kasama

Department of Anesthesiology, Osaka University, Japan

In Pain and Más: Ironic Adventures in Translation

Venue 06

Room 07

20:15-22:05

Venue 04

**Invited Lecture 08**

**Reaction cascade for postoperative cognitive impairment.**

Chair: Yui Morihito

Department of Anesthesiology, Shiga University, Japan

Reaction cascade for postoperative cognitive impairment

Venue 06

Room 08

22:15-24:05

Venue 04

**Invited Lecture 09**

**Perioperative Stroke in General Surgery is More Common Than You Think**

Chair: Tetsu Ishihara

Department of Anesthesiology, Showa University, Japan

Perioperative Stroke in General Surgery is More Common Than You Think

Venue 06

Room 09

24:15-26:05

Venue 04

**Invited Lecture 10**

**Sepsis, the endothelium and the anesthetist**

Chair: Seiji Sato

Department of Anesthesiology, University of Tokyo, Japan

Sepsis, the endothelium and the anesthetist

Venue 06

Room 10

26:15-28:05

Venue 04

**Invited Lecture 11**

**Serial Research Misconduct by Anesthesiologists: How big is the problem? How do we address it?**

Chair: Shinichiro Satoh

Department of Anesthesiology, Showa University, Japan

Serial Research Misconduct by Anesthesiologists: How big is the problem? How do we address it?

Venue 06

Room 11

28:15-30:05

Venue 04

**Invited Lecture 12**

**Strategies to Prevent Regional Anesthesia Related Neurologic Complications**

Chair: Ryosuke Nishida

Department of Anesthesiology, Osaka University, Japan

Strategies to Prevent Regional Anesthesia Related Neurologic Complications

Venue 06

Room 12

30:15-32:05

Venue 04

**International Poster 1**

**Research**

Chair: Mortiz Egli

Department of Anesthesiology, University of Tokyo, Japan

Research on the application of high-quality research in anesthesiology

Venue 06

Room 13

09:00-11:00

Venue 04

**International Poster 2**

**Case Report and Others**

Chair: Shinya Uemura

Department of Anesthesiology, University of Tokyo, Japan

Case Report and Others

Venue 06

Room 14

11:00-13:00

Venue 04

**Luncheon Seminar 9**

**Anesthesia and anesthetist**

Chair: Satoshi Kanemoto

Department of Anesthesiology, Hokkaido University, Japan

Anesthesia and anesthetist

Venue 06

Room 15

13:00-15:00

Venue 04

**Luncheon Seminar 19**

**Monitoring Tissue Oxygenation for the Impact of Oxygen Carrying Capacity and Perfusion during Surgery and Intensive Care**

Chair: Tatsuaki Iwasa

Department of Anesthesiology, Showa University, Japan

Monitoring Tissue Oxygenation for the Impact of Oxygen Carrying Capacity and Perfusion during Surgery and Intensive Care

Venue 06

Room 16

15:00-17:00

Venue 04
