

Date	Session Name	Time	Venue		Speaker	Abstract Title
Thursday, May 28	Educational Lecture 2	9:00 – 10:00	Room 3	International Conference Hall (4F)	Anton Johannesson	Trans-tibial limb amputation; surgical techniques, postoperative treatment and prosthetic fitting
	Special Lecture 1	10:10 – 11:10	Room 3	International Conference Hall (4F)	Andrew Jackson	Towards a robust neuroprosthesis for the upper-limb
	Special Lecture 2	11:20 – 12:20	Room 3	International Conference Hall (4F)	Hartwig R. Siebner	Multimodal in vivo mapping (fMRI, EEG, TMS, PET) of human brain networks
	Meet the Mentor 1	13:50 – 14:50	Meet the Mentor	305	Anton Johannesson	
	Satellite Symposium	17:10 – 19:40	Room 5	201	Hartwig R. Siebner	Probing functional and structural brain connectivity (DTI, multi-site TMS, fMRI)
	Satellite Symposium		Room 5	201	John C. Gastel	From Hospital to Home – Dynamic Changes in US Health Care Delivery
Friday, May 29	Special Lecture 5	9:00 – 10:00	Room 3	International Conference Hall (4F)	Fay B. Horak	Clinical and Technological Assessment of Balance Disorders
	Educational Lecture 6	10:10 – 11:10	Room 4	301	Peter Konrad	Clinical Gait analysis using inertial sensor and sEMG technology
	Special Lecture 7	11:20 – 12:20	Room 3	International Conference Hall (4F)	Jianan Li	New strategy, progress and future plan of ISPRM
	Educational Lecture 8	11:20 – 12:20	Room 4	301	Ying-Zu Huang	Neuromodulation with theta burst stimulation
	Luncheon Seminar 9	12:40 – 13:40	Room 4	301	Peter Konrad	Motion and Gait Analysis using 3D inertial sensor systems in combination with sEMG, pressure/force and video analysis—
	Educational Lecture 10	13:50 – 14:50	Room 2	Main Hall B (2F)	Stephen Scott	Potential of robots as next-generation technology for neurological assessment
	Symposium 4 Part 1 “Disaster and Rehabilitation”	13:50 – 14:50	Room 3	International Conference Hall (4F)	Romil M. Martinez	Providing Rehabilitation Care Post-Super Typhoon Haiyan: Lessons and Challenges
	Symposium 4 Part 1 “Disaster and Rehabilitation”		Room 3	International Conference Hall (4F)	James E. Gosney Jr	International Collaboration in Rehabilitation Disaster Relief: role of ISPRM CRDR
	Meet the Mentor 3	15:00 – 15:30	Meet the Mentor	305	Ying-Zu Huang	
	Meet the Mentor 4	15:30 – 16:00	Meet the Mentor	305	Hartwig R Siebner	
	Meet the Mentor 5	16:10 – 17:10	Meet the Mentor	305	Andrew Jackson	
	Meet the Mentor 6	17:20 – 18:20	Meet the Mentor	305	Stephen Scott	
	Meet the Mentor 6		Meet the Mentor	305	Peter Konrad	
	Saturday, May 30	Special Lecture 8	10:50 – 11:50	Room 1	Main Hall A (2F)	Zaliha Omar
Lunchon Seminar 15		12:10 – 13:10	Room 4	301	James E. Gosney Jr	Medical rehabilitation in large-scale natural disasters
