■ Conflict of Interest (COI)

All speakers and co-authors must disclose the presence or absence of COI involving companies with which they have a relationship. When disclosing a COI, the category and company names must be listed after the

names of the speaker and coauthors on the second slide or at the bottom of the poster, as shown in the example below. If there is no COI to disclose, please state “There is no conflict of interest to declare.” The “Category P”, however, the company name can be omitted if a speaker or a co-author has obtained or applied for a patent.

These rules are applicable to all presentations including those in Co-Sponsored Seminars.

Example :

- [Conflict of Interest : correspondence] Present
- Taro Nichigan ([F]) × Pharmaceutical Company, [I] × Technology Company)
- Hanako Nichigan ([P])

As of October 21, 2015, the rules pertaining to the disclosure of COI status in the Japanese Ophthalmological Society (JOS) have been revised. According to these new rules, all speakers must disclose the above COI status within the last three years, regardless of whether it is related to the content of their presentations.

■ Notes on Preparing Presentation Slides

Please prepare PowerPoint slides that are ophthalmology-based and easy to understand.

All speakers must disclose their COI status on the second slide.

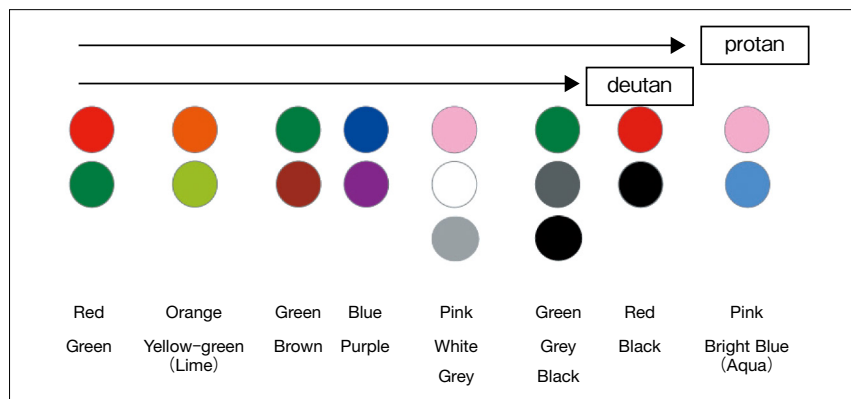

Please put reasonable space between characters. It is very difficult to read slides without enough space, especially for people with poor visual acuity or cortical visual impairment.

Colors and mixed colors on slides

Please do not use many colors on one slide. Please provide clear contrast between background and text.

For example, use a blue or black background with white or yellow texts.

Please do not use the following color combinations together on one slide. The lack of contrast is too difficult for some people to see clearly.

■ Absence/Cancellation

1. Please note that if a presenter does not turn up at his/her session at the designated time and place without prior notice, he/she will be penalized for not allowing his/her presentation as a presenting author at the next JOS Annual Meeting. This policy is decided by the Program Committee of the Japanese Ophthalmological Society.
2. If a presenter is not able to attend due to unavoidable circumstances, be sure he/she inform the reason for absence in writing or by e-mail in advance to the Congress Secretariat.
