韓国食品栄養科学会、日本学術会議合同シンポジウム

JSNFS, NST, KFN & SCJ Joint Symposium

アジア若手研究者が切り拓く食品・栄養研究の最前線

Frontiers of Food and Nutrition Research Pioneered by Young Asian Researchers

共同主催：日本学術会議IUNS分科会

日 時：24th May 2025 (9:00-11:30)

会 場：名古屋大学 豊田講堂（一般無料公開）

大会HP

Opening remarks

Hitoshi Ashida (Mukogawa Women's University / President, JSNFS)

Greetings

Jane C-J Chao (Taipei Medical University / President, NST)

Jeongmin Lee (KyungHee University / President, KFN)

Moderator: Tatsuya Sugawara (Kyoto University /
Chair of International Academic Cooperation Committee, JSNFS)

Presentation

Chair: Youngseung Lee (Dankook University / Chair of International Cooperation Committee, KFN)

Jeong Hoon Pan (Chosun University)

"SIRT3-IDH2 axis is a target of dietary fructose: implication of IDH2 as a key player in dietary carcinogen toxicity in mice colon"

Sun-Il Choi (Kangwon National University)

"Mitigating obesogen-induced lipid accumulation: anti-obesogenic effects of Cirsium setidens Nakai extracts in adipocyte differentiation and mouse models"

Chair: Yi-Wen Chien (Taipei Medical University/ Secretary General, NST)

Ya-Ling Chen (Taipei Medical University)

"Matcha improves NAFLD through modulating inflammatory responses in cafeteria diet-fed rats"

Chi-Hao Wu (National Taiwan Normal University)

"Biological and clinical significance of the AGE-RAGE axis in the aggressiveness and prognosis of prostate cancer"

Chair: Kaeko Murota (Shimane University / IUNS Committee member, SCJ)

Takumi Yamane (Tokyo University of Agriculture)

"The role of protein nutrition for pressure injury healing and prevention"

Kenichi Tanabe (Nakamura Gakuen University)

"Novel physiological functions of intestinal microbes-derived soluble vitamin and hydrogen gas-mediated nondigestible saccharides"

Closing remarks

Asako Takenaka (Meiji University / Chair of IUNS Committee, SCJ)
